

# KT multi | KT special | Multi-hole / special cable grommets, black

for cable diameters 1 - 8 mm and special cables / IP54

Cable grommets KT small are used with the following cable entry components:

- [KEL cable entry frames](#)
- [KVT split cable glands](#)

**Black KT grommets have an increased chemical resistance, e.g. against aggressive oils, coolants etc.**

KT multi-hole and special grommets enable a sealing of the cables with IP54.

When using double or quadruple grommets the cable density of cable entry frames and cable glands can be greatly increased. The multi-hole model range KT small is designed for cable diameters from 1 to 8 mm. icotek also offers special cable grommets for e.g. ASI lines. ATG adapter grommets provide the possibility to hold a small KT grommet to reduce the clamping range down to 1 mm.

When installing the small grommets in multiple rows, the flat sides should be facing each other. This allows the flat sides to match up and provide a secure seal.

IP54

RINA

ECOLAB certified

RoHS compliant

Made in Germany

## Specifications

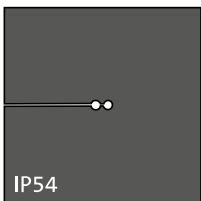

|                              |  |
|------------------------------|--|
| <b>IP rating (EN 60529)</b>  | IP54                                       |
| <b>Material</b>              | Elastomer                                  |
| <b>Flame class</b>           | UL94-HB                                    |
| <b>Operating temperature</b> | -30 C° to 90 C°                            |
| <b>Properties</b>            | Higher chemical higher chemical resistance |

## Advantages & Benefits

- Enable routing of pre-terminated cables through cable entry frames and split cable glands
- High strain relief in accordance with EN 62444 when a suitable cable entry is selected
- Available for a large range of cable diameters
- Greatly increased cable density when using double or quadruple grommets
